## DRINKING WATER OPERATOR

### Job Overview

The Water Operator plays a crucial role in maintaining safe drinking water for our customers. This position involves monitoring and maintaining wells, water sampling, ensuring compliance with environmental regulations, and repairing water lines, hydrants and valves throughout the distribution system. The ideal candidate will possess a maintenance knowledge, analytical skills to troubleshoot and optimize operations, and a Water Distribution (DSII) Certification or ability to obtain in a timely manner.

### Duties

- Operate and maintain water facilities, ensuring all processes run efficiently.
- Monitor and analyze data from distributed control systems to ensure optimal performance.
- Perform routine inspections of equipment and distribution systems to identify maintenance needs.
- Ability to repair and replace water lines, hydrants and valves.
- Utilize basic math skills for calculations related to chemical dosing and flow rates.
- Maintain accurate records of operations, maintenance activities, and compliance with regulations.
- Collaborate with team members to implement improvements in the District.

### Skills

- Strong mechanical knowledge for troubleshooting and repairing equipment.
- Proficiency in operating logic controllers and distributed control systems.
- Basic math skills for performing calculations related to water processes.
- Basic computer skills.
- Experience in drinking water systems practices and regulations in accordance with MO Department of Natural Resources.
- Ability to analyze data effectively to make informed decisions regarding operations.
- Locating water lines within the District
- Strong attention to detail and commitment to safety protocols.
- Ability to work independently efficiently with good time management.
- Excellent customer service skills
- Inventory management
- Ability to lift a minimum of 75 pounds

This position is essential for maintaining the integrity of our water while ensuring compliance with environmental standards. If you are a dedicated professional with a passion for environmental stewardship, we encourage you to apply.
